## LEAKER DIRECT **2018** PRODUCT PRICE GUIDE

Welcome to Leaker Direct

**JULY 2018**

**PRODUCT PRICE GUIDE CATALOGUE.**

New additions for 2018 include both Novy and Smeg, adding to our vast selection of top brand household appliances.

Look out for many new additions to Kompact KlickFloor in both the Wood and Tile ranges.

Bosch, Neff, Siemens, Hoover, Candy, The 1810 co, Abode & Lux-Air are all updated with new products for 2018.

We hope you like our new layout, focused on your feedback for images and technical specification included in all items.

## KOMPACT KLICKFLOOR INNOVATIVE FLOORING SYSTEM

Each vinyl floor tile recreates the subtle textures of natural wood and stone. Bringing a warmth and quality to any room in your home.

The Floating Floor System is brought to you by Kompact. It does not require any of the panels to be fixed or glued to the floor.

The flooring uses a licensed and patented Uniclic tongue and groove system, allowing each piece to be locked perfectly into place for a stunning finish.

When the product is fitted into place it will provide the same aesthetics as a 'glued down luxury floor', without all the preparation work and the fitting hassles you would associate with glued down flooring.

Whatever your taste,  
Whatever your space ...

Bring warmth and character into every room of your home with the authentic natural look of Klickfloor luxury vinyl flooring. Hard wearing enough for demanding public spaces and busy homes, beautiful enough to make any floor magnificent, there's a Klickfloor design for you - whatever your taste and whatever your space.

## KLICKFLOOR LUXURY VINYL FLOORING IS:

- o Moisture-resistant - perfect for slippery areas such as kitchens or bathrooms
- o Scratch and scuff resistant - due to a unique Protectonite PU wear-layer
- o Slip resistant - featuring a top R10 rating
- o Easy to clean and maintain - just a simple brush or mop
- o Great at sound and heat insulation - no more cold stone under your feet
- o Easy to install - thanks to KLICK technology; no adhesive, no fuss
- o Dependable and durable - with a 20 year guarantee available
- o Environmentally friendly - made with 50% recycled materials with major eco-credentials
- o Designed to reflect unique textures and patterns found in natural wood and stoneflooring - be sure to view Impress which features a unique registered emboss texture

You can be assured of our meticulous attention to detail to recreate and bring all the authenticity and elegance of real wood and stone into either your home or business. All KlickFloor luxury vinyl flooring uses a unique printing technique to make our designs razor-sharp together with a structure press to accurately re-create the subtle textures found in wood grains and stone grooves. Klick HD+ goes one step further with an actual registered emboss texture which brings real knots and grooves into the flooring.

## CABINET LIGHTING

### 240V RANGE - (MAINS)

Brushed Nickel

The new range of 240V cabinet lights is a discreet version of other larger mains voltage lights currently available. With the same visible appearance and size as our Sirius 12Vdc cabinet light range, this is a great option for any application requiring lighting without a power converter.

#### Recessed/Surface Light

Natural White KLT7750 0001200 **£20**

240V LED Cabinet Light

Brushed Nickel

The new range of 240V cabinet lights is a discreet version of other larger mains voltage lights currently available.

#### Designer Tri Light

NW KLT7752 0001500 **£25**  
2 Way Distribution Block 0000600 **£10**  
2 Way Distribution Block 0000900 **£15**

240V LED Cabinet Light

White

Slim Cabinet Light

This LED Link Light is a perfect alternative to fluorescent link lights. The link lights come complete with a diffused cover and have no visible LED points which provides a wide flood of light. This fitting is retro fit and directly replaces the T5 version.

The fittings are individually switched and fully linkable for ease of use, and can be butt jointed to make longer lengths if desired.

3W 220mm NW	KLT7690/A	0000600	<b>£10</b>

**MADE TO MEASURE SPLASHBACKS**

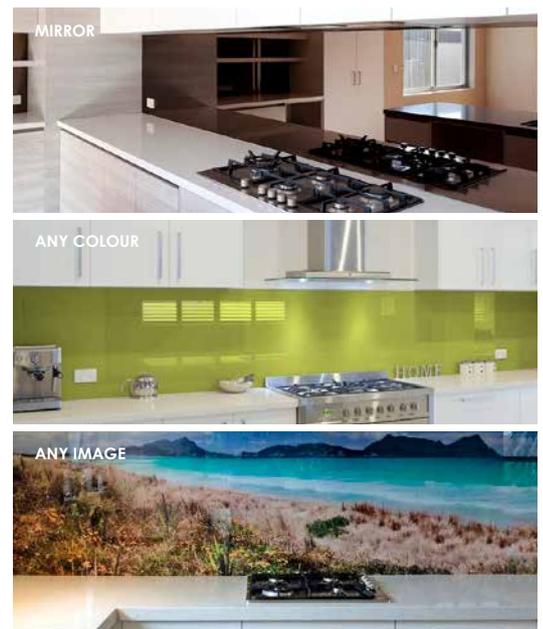

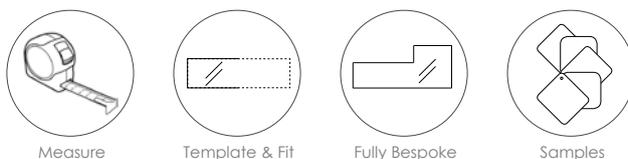

Contact our team specialising in bespoke glass splashbacks and provide them with your own measurements of the area. This will give the specialist an idea for the size before coming to inspect and measure for the template.

If you have taken accurate measurements of the area, you can request for the team to create the template and then fit based on those measurements.

The fully bespoke glass can be designed and cut to fit any size, style and shape. Our state of the art machinery allows a freedom of design to achieve the look you desire. We can make bespoke splashbacks any shape and size, cutting round sockets or even taps or shower heads if you like to personalise your bathroom, or anywhere in your home or workplace.

Choose from hundreds of abstract colours and designs to compliment the style and look of your kitchen or select any of the hundreds of stock images available.

Customers are also encouraged to send their own personal images as long as they are over 1MB in size. If it is just a colour desired then there are over 28,000 colours from Dulux, Farrow and Ball to choose from.

Montpellier Pyrolytic Ovens

No one likes cleaning their oven, it has to be one of the worst jobs in the house. Wouldn't it be great and so much easier if you could just push a button and let the oven do most of the work for you?  
.... Well now you can.

**Integrated hoods from Montpellier.**

These Integrated hoods designed to integrate seamlessly into any kitchen. These hoods boast powerful extraction and easy to use features.

**Montpellier Downdraft Hoods.**

The down draft extractors are fairly new cooker hood designs and are most popular in cooking islands. They are fitted directly into your kitchen work top, so when it is not in use it sits under the work top out of sight, giving a minimalist look to your kitchen.

## BUILT IN - LAUNDRY...

At Montpellier we've stuck to that philosophy by giving you simple and understandable programmes with the most popular options. The modern washing machine uses less electricity, water and detergent making them more environmentally friendly and less costly.

Washing clothes at 30°C is more cost effective than washing at 60°C. We have developed two programmes that have specific wash times. The quick wash takes 30mins for a 2.5kg load of slightly dirty clothes and the daily 60 takes just 60 minutes to wash a 4kg load at 60°C.

### Introducing the 60cm range cooker.

If a range cooker is what you are after but you don't have the space, then consider our 60cm mini range cookers. Packed with the same features and available in cream, black or stainless steel like our 100cm, the mini range is just 60cm wide with a choice of 4 gas burners or a 4 zone ceramic hob.

### Introducing the Retro Fridge Freezer range.

If you want to bring some style and colour into your kitchen look no further. Montpellier's Retro Collection gives you a choice of three colours. The iconic classic cream gives a sophisticated feel to any kitchen, while the jet black brings an injection of modern style.

If it's something more bold you're looking for then why not take a look at the flame red. All Retros are also finished with sleek and stylish handles, for a real 1950's feel.

### Laundry by Montpellier

Looking at the way you do your laundry will help find the right washing machine for you. If you wash little and often then a smaller drum may be sufficient. If you have a large family or do larger load washes, then a bigger capacity machine may be more suited to you. Montpellier can offer you machines that cater for all your wash loads ranging from a 5kg through to a larger 10kg

### Montpellier Dishwashers.

Throw away those rubber gloves. Any appliance that saves you time is always a bonus and that's why it's hard to imagine life without a dishwasher once you've got one.

Dishwashers generally use less water than washing up by hand, especially when used on economy programmes. That means they're more environmentally friendly and easier on your pocket than washing up by hand. Because dishwashers generally wash at higher temperatures and more thoroughly than washing by hand that also makes them more hygienic.

APP WIZARD  
INNOVATION IN YOUR HANDS.

Hoover has created a series of unique functions for Wizard. Gone are the days when you had to stay home to activate your appliances – the Hoover technology seamlessly adapts to your life to offer you the possibility of managing your free time like never before.

Thanks to Wizard, you can stay on top of your appliances 24 hours a day, seven days a week. Innovative built-in functions mean you'll receive real-time updates on how they're functioning. Moreover, thanks to the extra functions found exclusively on the app, you can personalise the way you use your appliances to meet your needs.

INNOVATION IN YOUR HANDS.

The future has arrived with the HESD4 Wi-Fi 60cm Flexible Induction Hob, part of Hoover's range of Wizard Smart Appliances.

This integrated hob can be controlled by tablet or smart phone through the exclusive Wizard App and is part of the first ever range of Wi-Fi enabled domestic appliances. Using state of the art cooking technology, the HESD4 gives you full flexibility with adjustable heating zones allowing you to select four smaller zones or two larger ones depending on the size of your utensils. For added safety, efficiency and ease of use, an electro-magnetic coil below the ceramic cooking surface can only be activated when a saucepan with a ferrous metal base is placed on it

HOODS.

Ensuring your kitchen air is always fresh when you get home, turn the hood on remotely whilst out shopping, at the gym or at work

Hoover Wizard hoods monitor the changes in air quality, measuring vapour, grease and temperature. If there is an unexpected change in the normal conditions, the hood will automatically activate ensuring that your kitchen always remains fresh and odour free. The app will also alert you that it was activated.

BRUSHED STEEL FASCIA

**Introducing the Bosch oven range.**

Whatever kind of cook you are, we have a range of smart and stylish built-in single or double ovens for you to choose from. Serve up vitamin packed meals using one of our innovative steam ovens or, if limited on space, our easy to use microwaves and compact appliances will bring style and function to any kitchen.

### The perfect combination

For the first time we are combining the best of our technologies from our induction hobs and powerful cooker hoods in a single appliance. The PerfectAir venting hob removes odours at source, leading to fewer cooking smells in the kitchen. It can be easily installed into the work surface to suit any kitchen design and has the added convenience of being easy to clean.

**Introducing the Bosch refrigeration range.**

Save more, waste less. Our range of built-in fridge freezers save you money thanks to their energy efficiency ratings. They are also packed with innovative technology to keep your food fresher for longer, so you'll throw out less and save on your weekly shopping bill. To help you choose the right appliance, we have divided them into the four ranges below.

Serie 8 | Serie 6 | Serie 4 | Serie 2

 60/40 FRIDGE FREEZER  
 KIN86VF30G

 0069750 **SSP £930**

A specialty of ancient, low-land society, the drink, made from a special rice, is polished to leave only the starch, steeped in water, steamed, and fermented multiple times with special molds and yeasts, which are then extracted, carbon-filtered, pasteurized, and left to mature. Sake may be served chilled, at ambient temperature, or warmed, depending on the drinker's preference or the occasion.

**SERIE 6**

**Energy efficient.**

365 days a year, 24 hours a day, fridges and freezers are always on. In fact, they make up around 17% of the electricity used in the home, or even more if it's a particularly old model.\* That's why we design our fridges and freezers to be as energy efficient as possible, and we're proud to be able to offer so many right across our ranges.

**When it comes to your washing, only the best is good enough for us.**

Getting better all the time has always been our driving force. When we develop a washing machine, a tumble dryer or a washer dryer, we want more than just clean, dry washing. Our aim: the lowest possible power and water consumption, outstanding reliability and maximum convenience.

Introducing the **Circo Therm** ovens.

With CircoTherm you can cook, roast and bake completely different dishes on all levels and everything will come out tasting like it's supposed to. No intermingling of flavours, the roast meat will taste like roast meat, the muffins will taste like muffins. With flat items like cookies you can now even bake on level four.

Keeping food warm has never been so easy with the **NEFF Warming Drawers**

Warming Drawers are a must for the serious cook. They're useful and versatile and help with the preparation and timing of meals. As well as warming, the drawer can be used to defrost delicate foods, melt chocolate, make yoghurt and prove dough. Plus, the ceramic base allows you to wipe off any spillages really easily.

Introducing Induction Hobs.

An Induction hob provides one of the most efficient methods of cooking. Extremely fast and responsive, with the ability to accurately control the power, induction hobs contain a strong electromagnet positioned under the surface of the hob.

Introducing Point & Twist

See the attraction with our removable magnet dial.

Control your hob using our removable magnet dial in the centre of the control area and then point it towards the zone you want to activate. Once activated, twist to select the power level you want.

Introducing the Domino hobs.

Domino hobs allow you to combine anything from a wok burner and FlexInduction hob, to a double gas burner and a Teppan Yaki. Mounted on distinctive black ceramic glass, build a combination to suit your specific requirements, and don't forget the possibility of adding a single domino next to a standard hob.

STAINLESS STEEL

Grease, steam and odours are unwanted by-products of cooking, but with an effective extractor hood, you can soon be rid of them. Neff's exquisite range of extractor hoods is not only brilliantly functional but beautifully aesthetic too, creating a dramatic design feature for any kitchen.

**American Style Fridge Freezers.**

Supersized for family-life, our American-style fridge freezers truly have a place for everything. With storage solutions to keep your fruit and vegetables fresh, freezer compartments for large joints of meat, and enough door trays for those everyday favourites, our American design is perfect for British kitchens. With selected models featuring water and ice dispensers, there's also the option to plumb your fridge into the mains for ice-cold drinks on tap. Long-lasting LED lights pleasantly illuminate the interior without emitting any heat. And the large freezer always keeps food stored at the right temperature with the SuperCool function.

IMMERSE YOURSELF. IN THE WORLD OF SIEMENS COFFEE.

Freshly brewed, aromatic coffee, full-flavour espresso, latte macchiato topped with bubbly frothed milk – whatever form it may take, the world of Siemens coffee has something for every taste. Siemens coffee makers and fully automatic coffee makers get the best out of each individual bean, whether still whole or already ground. After all, coffee isn't just a drink – it's a pleasure.

## SPARKLING RESULTS. DISHWASHING WITH SIEMENS.

Siemens dishwashers feature modern design and innovative ideas that make life easier. Let yourself be fascinated by maximum flexibility. Thanks to practical functions, such as height-adjustable side parts and foldable flip lines, everything finds its place – even large ladles and small teaspoons. Whether you're serving dinner to your family or hosting a party for friends, Siemens dishwashers ensure that you'll have sparkling clean dishes quickly.

WASHING MACHINE

Leave your **laundry** to the pros.

With their unique technical features, the innovative washing machines, dryers and washer-dryers from Siemens are absolute pros when it comes to optimal, efficient laundry care. Numerous functions and programmes ensure that you can relax and attend to the good things in life: stubborn stains disappear without effort, detergent is dosed automatically and exactly as needed, and even wool clothing keeps its shape – to name just a few of the advantages that laundry care appliances from Siemens offer you.

## SMEG VICTORIA RANGE COOKING

Inspired by Smeg's very first 'Elizabeth' cooker produced in 1948, the Victoria range perfectly captures the essence of timeless classic design and exclusive aesthetics, thanks to Smeg's signature 1950's style branding and premium build quality.

Two differently styled cooker Burghley and Blenheim are based on the Victoria aesthetic, but with more modest specification. These can be found towards the bottom of the section

The Smeg brand is synonymous with quality kitchen appliances. Smeg range cookers are engineered to the highest standards and come in a variety of styles and sizes to suit all kitchens.

When you choose a Smeg range cooker, you get a stylish appliance that will look great in your kitchen. Smeg range cookers come into their own if you have a large family you like to cook for or if you regularly have guests over for dinner parties. You can do roast dinners and fried breakfasts with ease when you have a Smeg range cooker.

Smeg range cookers are available in a number of different finishes including stainless steel, black, cream and even pink if you're looking for a cooker that's as stylish and eye catching as the rest of your carefully designed kitchen.

## Designed for Life Abode

The Abode ranges of kitchen mixertaps and sinks are created for people who want the perfect blend of design, performance and sheer quality in their homes without the enormous price tag. All Abode taps and sinks are lovingly hand finished, assembled and tested in our factories prior to the journey to the centre of your kitchen and daily life.

KITCHEN TAPS

We like to think that good kitchen tap design is about creating a beautiful and practical object that can stand out in your home but also integrate invisibly within your kitchen and chosen scheme.

We've been designing kitchen taps for over 15 years now and have a wide selection of styles and models for you to choose from, so whether you are looking for a cool contemporary tap, a statement piece, a classical or traditional design to marry with your traditional kitchen or looking for something with a little more innovation such as taps that deliver filtered water in addition to the normal then you will be spoilt for choice.

All of our kitchen taps use the finest components, from silky smooth valve cartridges to our anti splash aerators at the end of the spout and come with a comprehensive 5 year warranty. These small things might not be immediately noticeable but add up, collectively to make a good design, great.

PRONTEAU.™ 3 IN 1 TAPS

The Pronteau 3 IN 1 range of kitchen taps are created to sit perfectly within your home complementing the surrounding area they live in.

Available in 2 styles and 5 finishes all models deliver 98 degrees steaming hot water as well as your everyday hot and cold water. These taps not only look aesthetically pleasing but also offer a high level of functionality, safety and technology as standard.

A Minor Revolution in filtered water technology, add filtered water to any style of tap

The Swich is easy to install and use. Simply turn the handle control to indicate the type of water supply that you wish to channel through the tap – giving you immediate access to both the domestic supply and then to water filtered through the Abode filter cartridge, delivering clear refreshing results.

The flow of cold or filtered water from the tap is adjusted and managed in exactly the same way as you would normally use the tap and is perfect for kitchen or bathroom use. The Swich is supplied with two filter types, GAC perfect for soft water areas and a GAC / resin filter for hard water and high scale areas.

MATRIX R15 RANGE

The new Matrix R15 range by Abode uses the very latest pressing technology to create very precise shapes with almost square radiuses. The range is also versatile in its installation and can be installed undermounted or as a low profile inset option. All Matrix R15 sinks come complete with orbit waste and plumbing kit.

# DISTINCTLY ABODE

We're passionate about what we do ...

For some we are a hidden gem discovered for the first time, for many we are there life line providing unrivalled design, quality and service to rely on.

Here's the story behind the name:

- Established in 2002 with a team whose experience spans over 25 years, we design, market and distribute kitchen and bathroom products.
- We now manufacture well over half a million taps a year, all specifically designed for the UK market.
- We work very closely with our network of European manufacturing partners to create high quality, design leading products all of which we aim to achieve without the big price tag.
- We invest in the very best components and are so confident in the quality of our products that they carry a comprehensive warranty on defective material or workmanship.
- Over 15 years on and our thirst for innovation, design, quality and service remains just as strong as it did when we started.

## Climate for Life

### itho

Itho Daalderop develops, manufactures and sells heating, hot water, ventilation and control technology solutions. Our mission is to provide innovative products and systems that contribute to a comfortable, healthy and energy efficient indoor climate. Every day we strive to make the indoor environment a more enjoyable place for people to work and live.

## Itho **Boiling** Water Taps

### SAFETY IS OUR PRIORITY

All Itho boiling taps are equipped with a unique child proof handle which needs to be pressed and turned before any boiling water is dispensed, the recoil spring will instantly cut off the supply of water as soon as the handle is released preventing accidental use. The insulated pipework within the tap also means the spout is cool to touch during operation.

### INNOVATIVE SPACE SAVING TANK DESIGN

Although the boiler has the capacity to hold 5 litres of water, it's innovative design means that your cupboard space is not filled by a bulky boiler unit. The Itho 5 litre tank's patented design means it can be installed underneath your kitchen unit, behind the plinth so you lose no space in the kitchen unit whatsoever. (tank fits behind UK standard 150mm plinth)

### MARKET LEADING HIGH CAPACITY TANK

The Itho 3 in 1 boiling water tap system includes a market leading 5 litre tank as standard capable of producing around 60 cups of boiling water per hour, ideal for domestic requirements. The 10 litre version for heavier usage requires only a cold water feed to run the 3 in 1 tap making it ideal for situations where it is difficult to connect a hot feed e.g. Kitchen Island

**GUSTO STAINLESS STEEL**

## Instant 100° **boiling** water ...

The Itho tank stores 5 litres of boiling water under 10 bar of pressure ready to be dispensed in an instant, saving you time and money not only when making hot drinks but also when cooking a meal or sterilising a babies bottle or utensils.

### 3 TAPS IN 1 - BOILING, HOT & FILTERED COLD

Not only does the itho system provide 1000 boiling water, it also delivers hot and filtered cold water from the same spout so there is no need to purchase a separate tap unlike some stand alone systems. This not only saves the cost of purchasing a separate tap but also improves the look of the kitchen.

# LUXAIR...

Luxair are market leaders and have an enviable reputation for their product quality and attention to detail, commercial integrity and outstanding customer service.

Our product quality is achieved by working closely with UK appliance distribution networks to assure all materials are of the highest specification.

Being 'Customer Solution' driven, we at Luxair are motivated by the needs of our clients and excellent customer service. Our team of fully qualified, in-house service engineers work to assure most issues are dealt with and hassle free

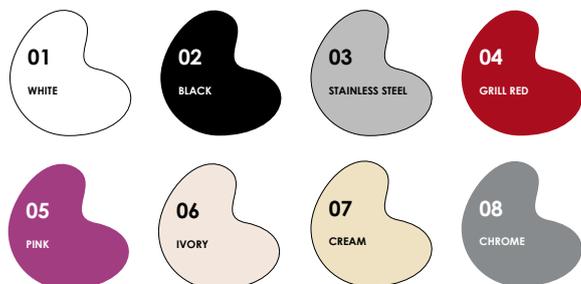

**All Luxair cooker extractor hoods are backed by a Seven Year Parts and Labour Warranty once registered**

We now produce over 1000 various kitchen extractors that include, wall mounted, ceiling hoods, island hoods, downdraft hidden hoods and now external motor hoods. Luxair make extractor hoods for low ceilings, all Luxair hoods can be cut down to fit low ceilings, we also offer a bespoke service for any chimney hood height.

Luxair are simply the best in kitchen extraction...

**Induction Hob With Downdraft Integrated Extractor**

New revolutionary designer induction hobs with built-in extractor fans

Luxair have now developed and revolutionised the way we extract, with many kitchens now being open plan the demand for exceptional designer extraction is high, the all new range of extraction is Induction cooking with built-in extractor fans, known as downdraft, the reason is quite simple, the vapours are drawn downwards rather than upwards.

## Inspired by Quality **NOVY**

To meet the needs of modern kitchen Novy has its own philosophy: design, ease of use, durability, and – last but not least – SILENCE. The first Novy cooker hoods were made in 1965. Even then, Novy distinguished itself by the quality of its cooker hoods and the innovation in models and technology. From the very early stages, we pursued the highest possible extraction efficiency.

**NOVY  
PREMIUM HOBS**

In addition to cooker hoods, Novy is expanding its expertise in induction hobs. An induction hob from Novy is a pleasure to cook with. We always opt for the latest induction technologies, allowing you to quickly and efficiently put the tastiest dishes on your table. Besides the intuitive control and flexibility in zones, you can also enjoy a wide range of functions. Novy supports this expertise by providing a full 5-year guarantee on all induction hobs. Novy induction hobs are characterised by a sleek design with a minimalist look, in which the control panel of the cooking zones lights up only when in use. Depending on your needs, you can choose from one of 3 extensive ranges: Pro, Power and Comfort.

**NEW MINERVA** Wall Panels  
easy fit for your shower & bathroom

**Minerva** stylish & easy to keep clean

Minerva shower & bathroom wall panels are a stylish, easy fit panelling system available in a range of décors.

Pre sized and factory-finished, minerva shower and bathroom panels are available in four stunning décors and offer a practical alternative to conventional tiling.

**Factory Finished, ready for fitting**

Minerva shower and bathroom wall panels are delivered cut, finished and ready to fit, saving you valuable time and money.

**Faster lead times, quicker installation**

All Minerva 6mm shower and bathroom wall panels can be installed over existing tiles...it's that quick! It's that simple!

**Imperceptible , seamless, solid joints**

Waterproof and hardwearing, Minerva shower and bathroom wall panels are the perfect choice for wet rooms.

**Non-porous solid surface material**

Minerva shower and bathroom wall panels are completely waterproof. This allows the panelling system to be the perfect choice for bathrooms etc.

## More from WOOD Egger

Not all laminate worktops are the same. Our premium collection offers something a bit different.

Choose from the next generation of finishes that are virtually indistinguishable from solid wood and stone, but with all the hardwearing, hygienic and easy to care for benefits of laminate.

## Wall Panelling Lustrolite

**Lustrolite** is an award winning high gloss acrylic wall panel which is mainly used for bath and shower walls and kitchen backsplashes.

Lustrolite is a replacement to tiles and looks like back painted glass. With a special hard coated top layer for extra scratch and chemical resistance, cleaning and maintaining your panels is nearly effortless.

## Space Saver Plinth Heater...

A highly energy efficient fan convector that fits neatly into the plinth of a kitchen unit. Space Saver eliminates the need for conventional radiators. And, as its name implies, this brings considerable space saving benefits - more room for extra storage units, more work surfaces, more space for kitchen appliances.

Space Saver is used predominantly for domestic applications where the ingenious plinthmounting feature makes it ideal for heating kitchens and utility rooms. Plinth mounting also makes Space Saver ideal for certain non-domestic applications such as reception areas, changing rooms, libraries, etc.

## At the forefront...

Manrose Manufacturing continues to maintain its position at the forefront of the ventilation and fan equipment market. The company has been manufacturing practical, reliable ventilation equipment for 25 years and credits its success to a simple philosophy of offering cost-effective, innovative products to suit any requirement.

Manrose's research and development team has consistently produced products that stand out from the rest, bringing them to market through a team of experienced professionals who understand the needs of our customers. Our policy of ongoing investment in product development has been a key force in driving the company to the top of the ventilation fans and equipment market.

## Leaker Direct Distribution Ltd - Terms of Trading

- 1 Price**
- 1.1 The price quoted excludes VAT (unless otherwise stated). VAT will be charged at the rate applying at the time of delivery.
  - 1.2 Our quotations lapse after 30 days (unless otherwise stated).
  - 1.3 The price quoted includes delivery (unless otherwise stated).
  - 1.4 Unless otherwise stated, the price quoted is an illustrative estimate only and the price charged will be our price current at the time of delivery.
  - 1.5 Rates of tax and duties on the goods will be those applying at the time of delivery.
  - 1.6 At any time before delivery we may adjust the price to reflect any increase in our costs of supplying the goods.
- 2 Delivery**
- 2.1 All delivery times quoted are estimates only.
  - 2.2 If we fail to deliver within a reasonable time after the quoted delivery time, you may (by informing us in writing) cancel the contract, however:
    - 2.2.1 You may not cancel if we receive your notice after the goods have been dispatched; and
    - 2.2.2 If you cancel the contract, you can have no further claim against us under that contract.
  - 2.3 If you accept delivery of the goods after the estimated delivery time, it will be on the basis that you have no claim against us for delay (including indirect or consequential loss, or increase in the price of the goods).
  - 2.4 We may deliver the goods in instalments. Each instalment is treated as a separate contract.
  - 2.5 We may decline to deliver if:
    - 2.5.1 We believe that it would be unsafe, unlawful or unreasonably difficult to do so; or the premises (or the access to them) are unsuitable for our vehicle.1.1.2
  - 2.6 If we attempt to make delivery to your instructions but are unable to, we reserve the right to charge redelivery at cost.
- 3 Risk**
- 3.1 The goods are at your risk from the time of delivery.
  - 3.2 Delivery takes place either:
    - 3.2.1 At our premises (if you are collecting them or arranging carriage); or
    - 3.2.2 At your premises or address specified by you (if we are arranging carriage).
  - 3.3 You must inspect the goods on delivery. If any goods are damaged or not delivered, you must write to tell us within forty-eight hours of delivery or the expected delivery time. You must give us (and any carrier) a fair chance to inspect the damaged goods.
  - 3.4 If goods are delivered by a carrier you must not accept the goods or sign any delivery notes until you have inspected the goods. We will not be liable for goods damaged in transit in absence of inspection by you.
- 4 Payment terms**
- 4.1 You are to pay us in cash or in cleared funds prior to delivery, unless you have an approved credit account.
  - 4.2 If you have an approved credit account, payment is due no later than 30 days after the end of month of our invoice unless otherwise agreed in writing.
  - 4.3 If you fail to pay us in full on the due date we may:
    - 4.3.1 Suspend or cancel future deliveries;
    - 4.3.2 Cancel any discount offered to you;
    - 4.3.3 Charge you interest at the rate set under s.6 of the Late Payment of Commercial Debts (Interest) Act 1998;
      - c. calculated (on a daily basis) from the date of our invoice until payment;
      - b. before and after any judgment (unless a court orders otherwise);
    - 4.3.4 Claim fixed sum compensation from you under s.5A of that Act to cover our credit control overhead costs; and
    - 4.3.5 Recover (under clause 4.7) the cost of taking legal action to make you pay.
  - 4.4 If you have an approved credit account, we may withdraw it or reduce your credit limit or bring forward your due date for payment. We may do any of those at any time without notice.
  - 4.5 You do not have the right to set off any money you may claim from us against anything you may owe us.
  - 4.6 While you owe money to us, we have a lien on any of your property in our possession.
  - 4.7 You are to indemnify us in full and hold us harmless from all expenses and liabilities we may incur (directly or indirectly including financing costs, including legal costs on a full indemnity basis and the costs of instructing a debt collection agency to recover a debt due to us if any) following any breach by you of any of your obligations under these terms.
- 5 Title**
- 5.1 Until you pay all debts you may owe us:
    - 5.1.1 All goods supplied by us remain our property;
    - 5.1.2 You must store them so that they are clearly identifiable as our property;
    - 5.1.3 You must insure them (against the risks for which a prudent owner would insure them) and hold the policy on trust for us;
    - 5.1.4 You may use those goods and sell them in the ordinary course of your business, but not if:
      - a. We revoke that right (by informing you in writing); or
      - b. You become insolvent.
  - 5.2 You must inform us (in writing) immediately if you become insolvent.
  - 5.3 If your right to use and sell the goods ends you must allow us to remove the goods.
  - 5.4 We have your permission to enter any premises where the goods may be stored:
    - 5.4.1 At any time, to inspect them; and
    - 5.4.2 After your right to use and sell them has ended, to remove them, using reasonable force if necessary.
  - 5.5 Despite our retention of title to the goods, we have the right to take legal proceedings to recover the price of goods supplied should you not pay us by the due date.
  - 5.6 You are not our agent. You have no authority to make any contract on our behalf or in our name.
- 6 Warranties**
- 6.1 We warrant that the goods:
    - 6.1.1 Comply with their description on our order confirmation form; and
    - 6.1.2 Are free from material defect at the time of delivery (as long as you comply with clause 6.3).
  - 6.2 We give no other warranty (and exclude any warranty, term or condition that would otherwise be implied) as to the quality of the goods or their fitness for any purpose.
- 6.3** If you believe that we have delivered goods that are defective in materials or workmanship, you must:
- 6.3.1 Inform us (in writing), with full details, as soon as possible; and
  - 6.3.2 Allow us to investigate (we may need access to your premises and product samples).
- 6.4** If the goods are found to be defective in material or workmanship (following our investigations), and you have complied with those conditions (in clause 6.3) in full, we will (at our option) replace the goods or refund the price.
- 6.5** We are not liable for any other loss or damage arising from the contract or the supply of goods or their use, even if we are negligent, including (as examples only):
- 6.5.5 Direct financial loss, loss of profits or loss of use; and
  - 6.5.6 Indirect or consequential loss
- 6.6** Our total liability to you (from one single cause) for damage to property caused by our negligence is limited to £1,000,000.
- 6.7** For all other liabilities not referred to elsewhere in these terms our liability is limited to damages to the price of the goods.
- 6.8** Nothing in these terms restricts or limits our liability for death or personal injury resulting from negligence.
- 6.9** Nothing in these terms affects or limits our liability for fraudulent misrepresentation.
- 7 Specification**
- 7.1 If we prepare the goods in accordance with your specifications or instructions you must ensure that:
    - 7.1.1 The specifications or instructions are accurate;
    - 7.1.2 Goods prepared in accordance with those specifications or instructions will be fit for the purpose for which you intend to use them; and
    - 7.1.3 Your specifications or instructions will not result in the infringement of any intellectual property rights of a third party, or in the breach of any applicable law or regulation.
  - 7.2 We reserve the right:
    - 7.2.1 To make any changes in the specifications of our goods that are necessary to ensure they conform to any applicable safety or statutory requirements; and
    - 7.2.2 To make without notice any minor modifications in our specifications we think necessary or desirable.
- 8 Return of goods**
- 8.1 We will accept the return of goods from you only:
    - 8.1.1 If we agree (in writing) you can return them;
    - 8.1.2 On payment of an agreed handling charge of up to 25% of the total value of the goods (unless the goods were defective when delivered); and
    - 8.1.3 Where the goods are as fit for sale on their return as they were on delivery.
- 9 Cancellation**
- 9.1 You may not cancel the order unless we agree in writing (and clauses 2.2.2 and 9.2 then apply).
  - 9.2 If the order is cancelled (for any reason) you are then to pay us for all stock (finished or unfinished) that we may then hold (or to which we are committed) for the order.
  - 9.3 We may suspend or cancel the order, by written notice if:
    - 9.3.1 You fail to pay us any money when due (under the order or otherwise);
    - 9.3.2 You become insolvent;
    - 9.3.3 You fail to honour your obligations under these terms.
- 10 Waiver and variations**
- 10.1 Any waiver or variation of these terms is binding in honour only unless:
    - 10.1.1 Made (or recorded) in writing;
    - 10.1.2 Signed on behalf of each party; and
    - 10.1.3 Expressly stating an intention to vary these terms.
  - 10.2 All orders that you place with us will be on these terms (or any that we may issue to replace them). By placing an order with us, you are expressly waiving any printed terms you may have to the extent that they are inconsistent with our terms.
- 11 Force majeure**
- 11.1 If we are unable to perform our obligations to you (or able to perform them only at unreasonable cost) because of circumstances beyond our control, we may cancel or suspend any of our obligations to you, without liability.
  - 11.2 Examples of those circumstances include act of God, accident, explosion, war, terrorism, fire, flood, transport delays, strikes and other industrial disputes and difficulty in obtaining supplies.
- 12 General**
- 12.1 Scottish law is applicable to any contract made under these terms. The courts of Scotland and in particular the Commercial Courts at Glasgow and Aberdeen Sheriff Courts have non-exclusive jurisdiction.
  - 12.2 If you are more than one person, each of you has joint and several obligations under these terms.
  - 12.3 If any of these terms are unenforceable as drafted:
    - 12.3.1 It will not affect the enforceability of any other of these terms; and
    - 12.3.2 If it would be enforceable if amended, it will be treated as so amended.
  - 12.4 We may treat you as insolvent if:
    - 12.4.1 You are unable to pay your debts as they fall due; or
    - 12.4.2 You (or any item of your property) become the subject of:
      - a. Any formal insolvency procedure (examples of which include receivership, liquidation, administration, voluntary arrangements (including a moratorium) or bankruptcy);
      - b. Any application or proposal for any formal insolvency procedure; or
      - c. Any application, procedure or proposal overseas with similar effect or purpose.
  - 12.5 All brochures, catalogues and other promotional materials are to be treated as illustrative only. Their contents form no part of any contract between us and you should not rely on them in entering into any contract with us.
  - 12.6 Any notice by either of us which is to be served under these terms may be served by leaving it at or by delivering it to (by first class post or by fax) the other's registered office or principal place of business. All such notices must be signed.
  - 12.7 No contract will create any right enforceable (by virtue of the Contracts (Rights of Third Parties) Act 1999) by any person not identified as the buyer or seller.
  - 12.8 The only statements upon which you may rely in making the contract with us, are those made in writing by someone who is our authorised representative and either:
    - 12.8.1 Contained in our estimate (or any covering letter) and not withdrawn before the contract is made; or
    - 12.8.2 Which expressly state that you may rely on them when entering into the contract.
